LOCAL AND MISCELLANEOUS.

—Rev. Burton will occupy the pulpit of the Presbyterian church at this place next Sabbath.
—We are under obligations to the State Superintendent of Common Schools for his Annual Report for 1870.

—We visited Cobbs' Mills, four miles above Lacytown, recently, in company with Dr. Winans. Mr. Cobb is running two mills this winter, the other one being at Tom's Run, in Clarion county. He employs sixty-eight teams, and about one hundred and twenty men. He is rushing business this winter. On the way there our cutter struck a stump in the road, throwing us up about three feet, and landing us against the Doctor, who assumed a horizontal position in the snow. Fortunately the horses stopped immediately, and no one was hurt. The Dr. ventured to say when we were again seated, "Doubt, why in—something—didn't you stay on your own side?" We asked, "Dr. why didn't you keep your seat?" Then we compromised. Coming home we crossed the creek at Lacytown, the horses breaking through at every step; but the Dr. using the whip and his powerful voice with great effect, we got over without being drowned. We thought we were having a hair-breadth escape, and were very much disgusted when we heard that it was the thin ice of back water from a "slush," that we had been riding over. The healer says our eyes stuck out like peeled onions, and we know his did.

—A young man, in Forest county, whose name shall be nameless, happening to arise one morning, recently, before the rest of the family, went to rummaging about a cupboard where bottles of medicine &c., were kept, and accidentally stumbled upon a little of liquid poison known as "old rye," and proceeded to poison himself. He enjoyed it so much that he arose again next morning before daybreak and inhaled some more of said poison. But, alas! the liquid had been medicated, and acted as a very forcible physic, and now he lets all the bottles in that house strictly alone.

—We have received a notice of a marriage at White Oak, purporting to have been solemnized by Rev. P. P. Pinney. Merely the notice came to us, with no signature whereby we can tell whether it is a true bill or a hoax. It is important that we should know where these notices come from in order to protect ourselves from publishing counterfeit marriages. We will publish this notice next week if we hear from the parties interested.

—On the 24th ult., Jerry Potts, living near Forker's coal bank, this Co., went home in the evening intoxicated, and laid down on the floor. Sometime in the night his wife went to see how he was getting along and found him dead.—Greenville Argus.

Several of the same kind of cases are daily occurring, and yet benzine is in good demand, here as well as elsewhere.

—Ma. Edron:—The statement in one of the late issues of the Forest Press, that Horace Wilkins, Esq., donated the sum of \$700 to the Methodist Church in Tionesta, is incorrect. Mr. Wilkins very kindly loaned us this sum for one year, and I make this correction in order to facilitate the collection of the funds subscribed.

—Somebody left some shirts at this office, and we cannot find the owner. We consider this a first-class temptation. We lost our extra shirt at Oil City, during the holidays, and coming back, find a lot of shirts waiting for us in our office. We have resisted the temptation to wear them thus far, but if they are not soon taken away from here, we will ornament our person with a clean shirt once every fortnight.

—We are informed that some parties were recently fined \$50 in Meadville for exposing venison for sale after the expiration of time as per game laws, although the deer had been killed previous to the expiration of said time. Let our hunters look sharp, or they will find themselves minus of their extra greenbacks.

—We have received the Adeline for January. It is a beautiful number, and its illustrations cannot be beat. We would not be without it under any circumstances. It costs \$2.50 a year, and every subscriber receives a beautiful oil chromo. Address James Sutton & Co., 23 Liberty street, N. Y.

—Herman Bloom, one of our oldest and most respected citizens has removed to a German emmenty-styled Dutch Hill. Capt. Knox has rented his house, and will fix it up for an office in which to dispense the law to all who may need his services.

—We have received the Public Ledger Almanac, issued by Geo. W. Childs, proprietor of the Ledger. It is very neatly printed and is a useful book. Much obliged.

—During the past two weeks much sleighing has been indulged in by our young people. Lacytown, Dutch Hill, West Hickory, and Tylersburgh we believe are favorite points with the sleigh-riders.

—Some of our citizens attended Miss Kellogg's concert in Titusville on Friday evening last. They came back with the opinion fearlessly expressed, that Kellogg could sing.

—W. W. Dimond put one hundred and seventy-five shoes on the horses of his customers between Christmas and New Year's, beside attending to other work which came in. Will it be "old business?"

A BOOK OF RARE INTEREST.—We can hardly conceive of more entertaining reading for the long winter evenings than the new book, of Laddes; The White Chief. It reminds one of Robinson Crusoe, but is certainly more valuable reading, as it presents facts and not fiction. Published by A. H. Hubbard, Philadelphia, Pa., and sold only by subscription.

For Sale.
I have for sale one yoke of working oxen, weighing about 2,600 or 2,700, one pair of 3 year old colts,—will sell one or the pair. H. L. HOWAN, 30 6t. Stewart's Run P. O.

Teachers' Annual Institute.
The fourth annual Institute of Forest county will be held at Tionesta, commencing on Tuesday, January 24th, at 10 o'clock A. M., and continue in session four full days.

Teachers are requested to make all necessary arrangements to leave their schools at the time, and give full and prompt attendance. The law requires you to do so, and it is hoped that every teacher in the county, and those intending to become teachers, will attend the institute during its entire session.

Thursday the 26th will be called "Directors' Day," set apart for discussions and questions appertaining to their interest.

Directors and friends of education, we cordially invite you to favor us with your presence and aid. Instructors and lecturers will be employed, and necessary apparatus provided, to make the institute, it is hoped, both beneficial to teachers, and inviting to the public.

ADDRESS

To the Nervous AND DEBILITATED.

WHOSE sufferings have been protracted from hidden causes, and whose cases require prompt treatment to render existence desirable:

If you are suffering, or have suffered from involuntary discharges, what effect does it produce on your general health? Do you feel weak, debilitated, easily tired? Does a little extra exertion produce palpitation of the heart? Does your liver, or urinary organs, or your kidneys, frequently get out of order? Is your urine sometimes thick, milky or floccy, or is itropy on settling? Or does a thick skum rise to the top? Or is a sediment at the bottom after it has stood awhile? Do you have spells of short breathing or dyspnea? Are your bowels constipated? Do you have spells of fainting, or rushes of blood to the head? Is your memory impaired? Is your mind constantly dwelling on this subject? Do you feel dull, listless, moping, tired of company, or life? Do you wish to be left alone, away from everybody? Does any little thing make you start or jump? Is your sleep broken or restless? Is the lustre of your eye as brilliant? The bloom on your cheek as bright? Do you enjoy yourself in society as well? Do you pursue your business with the same energy? Do you feel as much confidence in yourself? Are your spirits dull and flagging, given to fits of melancholy? If so, do not lay it to your liver or dyspepsia. Have you restless nights? Your back weak, your knees weak, and have but little appetite, and you attribute this to dyspepsia or liver-complaint?

Now, reader, self-abuse, venereal diseases badly cured, and sexual excesses, are all capable of producing a weakness of the generative organs. The organs of generation, when in perfect health, make the man did you ever think that those bold, defiant, energetic, persevering, successful business-men are always those whose generative organs are in perfect health? You never hear such men complain of being melancholy, or nervous, or palpitation of the heart. They are never afraid they cannot succeed in business; they don't become sad and discouraged; they are always polite and pleasant in the company of ladies, and look you and them right in the face—none of your downcast looks or any meanness about them. I do not mean those who keep the organs inflamed by running to excess. Those will not only ruin their constitutions, but also those they do business with or for.

How many men, from badly cured diseases, from the effects of self-abuse and excess, have brought about that state of weakness in those organs that has reduced the general system so much as to produce almost every other disease—idiotcy, lunacy, paralysis, spinal affections, suicide, and almost every other form of disease which humanity is heir to, and the real cause of the trouble scarcely ever suspected and have doctored for all but the right one.

Diseases of these organs require the use of a Diuretic. HEINBOLD'S FLUID EXTRACT DUCHU is the great Fluidic, and is a certain cure for diseases of the Bladder, Kidneys, Gravel, Dropsy, Organical Weakness, Female Complaints, General Debility, and all diseases of the Urinary Organs, whether existing in Male or Female, from whatever cause originating, and no matter of how long standing.

If no treatment is submitted to, Consumption or Insanity may ensue. Our flesh and blood are supported from these sources, and the health and happiness, and that of Posterity, depends upon prompt use of a reliable remedy.

HEINBOLD'S EXTRACT DUCHA, established upward of 19 years, prepared by H. T. HEINBOLD, Druggist, 601 Broadway, New York, and 104 South 10th Street, Philadelphia, Pa. Price—\$1.25 per bottle or a bottle for \$0.50, delivered to any address. Sold by all Druggists everywhere.

None are genuine unless done up in steel engines. Wrapper, the name of my "AVIARY" house, and signed H. T. HEINBOLD. 30-4t

ROBACK'S Bitters, unlike all other Bitters in the market, possess intrinsic merit. Most Bitters, so called, are merely wish-wash stuff, sold as a beverage. Dr. Roback's Bitters are not a beverage in any sense of the word, but contain the most expensive drugs known to science for the radical cure of Indigestion and Dyspepsia, and for all cases where a tonic and stimulant are required. They restore the vital forces in a remarkable degree, and give tone to the system.

It is now eleven years since Dr. Roback, the celebrated Swedish physician, from Stockholm, Sweden, came to this country and introduced the Scandinavian Blood Purifier; since which time thousands have been cured, by its use, of Scrofula and other blood diseases. It contains, besides the Iodide of Potassa and Syrup of Sillingia, drugs imported from Sweden for its express manufacture, unknown and not kept by apothecaries in this country. A single trial will convince the most skeptical of its wonderful value.

Dr. Roback's Blood Pills are unsurpassed by any Pill manufactured for a similar purpose. One trial invariably establishes them as favorites with all who use them. The reasons why Dr. Roback's Blood Pills should be kept in every family are: Because they can be employed in all cases where a "family physic" is required, and are perfectly safe in their administration at all times; Because they are made both with and without sugar-coating, thus adapting them to the use of every body; Because they can be purchased at any drug store at the extremely low price of twenty-five cents per box.
